

Birds of a Feather

Birds come in all shapes and sizes!

All birds have unique beaks, feet and wings depending on what they like to eat and where they live. Figure out the 5 different bird words below that WildCare will talk about by filling in the vowels.

	G	G
--	---	---

Hint: Usually laid in a nest.

B			K
---	--	--	---

Hint: Birds have this instead of lips.

W		N	G	S
---	--	---	---	---

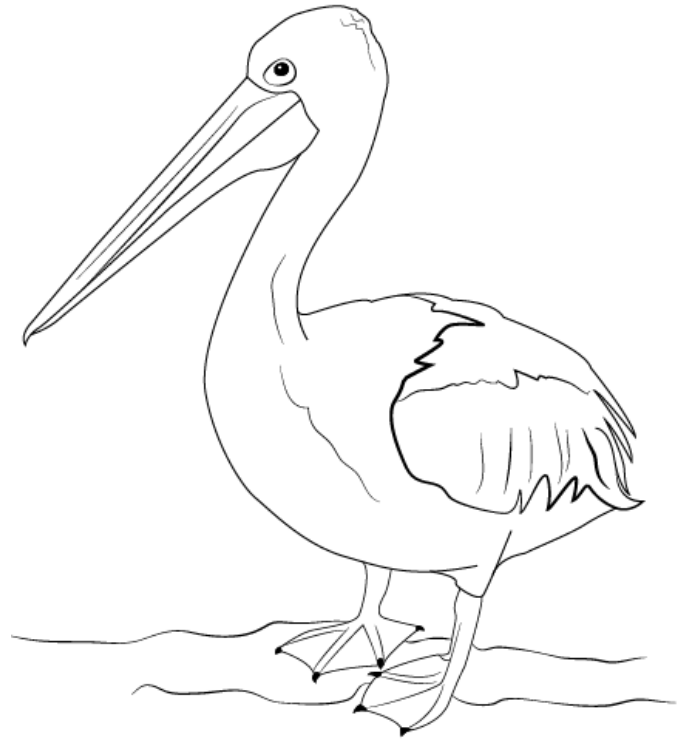

Hint: All birds have these on their bodies.

R		P	T		R	S
---	--	---	---	--	---	---

Hint: Owls, hawks, falcons, and eagles.

F			T	H		R	S
---	--	--	---	---	--	---	---

Hint: These help most birds fly and can also be used for camouflage!

Birds of a Feather **Answers**

Birds come in all shapes and sizes!

All birds have unique beaks, feet and wings depending on what they like to eat and where they live. Figure out the 5 different bird words below that WildCare will talk about by filling in the vowels.

E	G	G
----------	----------	----------

Hint: Usually laid in a nest.

B	E	A	K
----------	----------	----------	----------

Hint: Birds have this instead of lips.

W	I	N	G	S
----------	----------	----------	----------	----------

Hint: All birds have these on their bodies.

R	A	P	T	O	R	S
----------	----------	----------	----------	----------	----------	----------

Hint: Owls, hawks, falcons, and eagles.

F	E	A	T	H	E	R	S
----------	----------	----------	----------	----------	----------	----------	----------

Hint: These help most birds fly and can also be used for camouflage!
