

Ocean Adventures

Leopard Sharks are common sharks in the San Francisco Bay! They are bottom dwellers, hanging out by the sea floor looking for clams, crabs, and fish eggs to eat!

Hawksbill Sea Turtle

Color me!

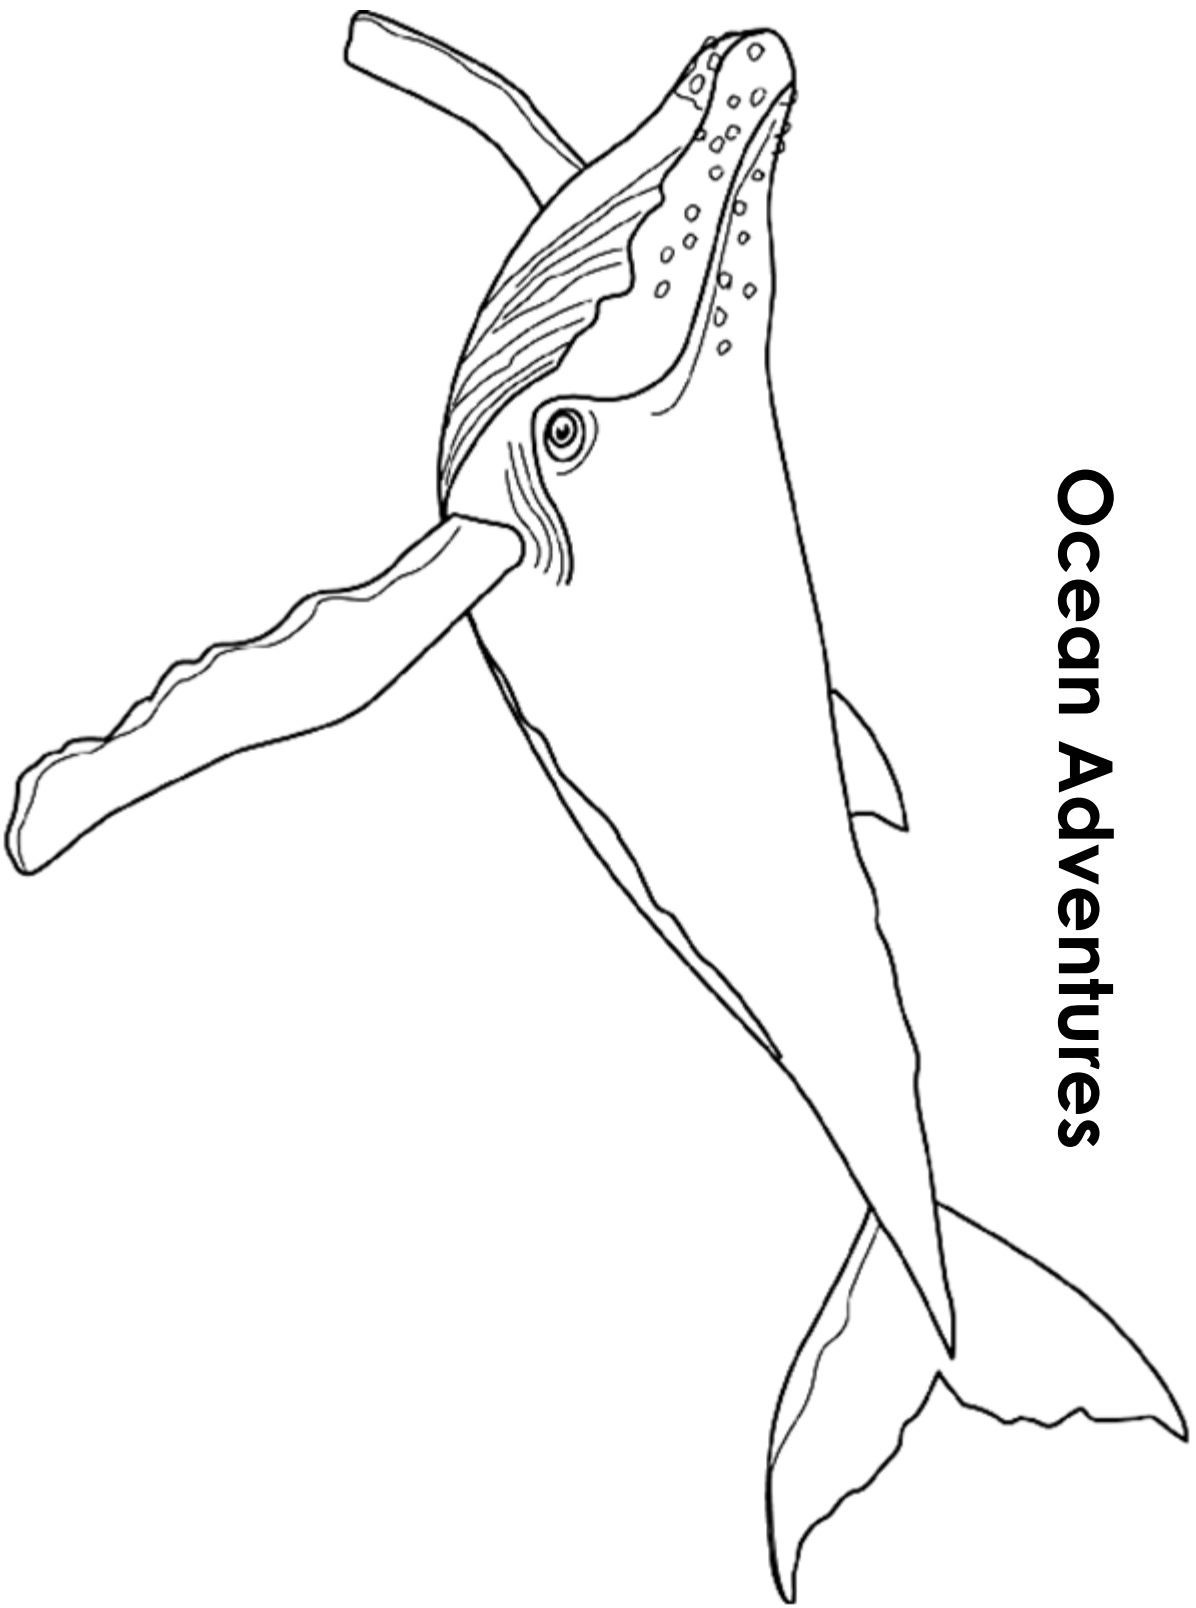

The hawksbill sea turtle is endangered! That means that there aren't that many in the wild. You can help the turtles by using reusable bags at the grocery store instead of plastic!

Ocean Adventures

Humpback Whales are known for their big leaps and splashes out in the ocean. They are dark grey with a white belly, tail, and fins. Little barnacles will often cover their chins! Can you draw more ocean animals swimming around this Humpback Whale?
